

Mayor's Southern Dallas Task Force
Area #6 Team Meeting
05/12/09 @ 3 p.m.

In attendance were Richard McNeal and Cynthia Rogers-Ellickson.

The content of the meeting consisted of Mr. McNeal discussing the Power Point presentation that he created. He was concerned that there were still too many slides to cover in a 5 minute time frame. He said he was meeting with Mr. English to condense the information in preparation of the June presentation date.

Mr. McNeal also mentioned that he saw a large billboard on I20 that described how great the trails in Grand Prairie are in an attempt to invite visitors to them. He wants to make it a point to mention in the presentation in June. He was also planning to research Houston, San Antonio, and Austin for advertisement of their trails.

Mr. McNeal said that he will bring his own Power Point equipment to the presentation just in case the equipment at the meeting site is not working.
